## Invitation and motivation

The Transport and Spatial Planning Institute of the University of Applied Sciences Erfurt welcomes you heartily to the 2<sup>nd</sup> Thematic Conference of the Central Europe project COME-IN! – Cooperating for Open access to Museums – towards a wider Inclusion. COME-IN! aims at increasing the quality and capacities of small and medium-sized museums by making them accessible to a wider public of people with different needs.

The conference's main aim is exploring the current picture and perspectives of inclusion and accessibility as essential tasks for museum makers. Important questions in this regard will be raised, potential paths and state of the art approaches of museums to shape this challenge are outlined and demonstrated, before the COME-IN!-methodology for inclusive museums is presented and discussed.

## Information

Participation at the conference is free of charge.

The conference will be held in English, a simultaneous translation to German is offered.

The Monastery of St. Augustine is located in the centre of Erfurt and reachable by foot and public transport (tram line No. 1 & 5, stop Augustinerkloster, 2 minutes walk).

Because of the location of St. Augustine in the Old City of Erfurt, only a few parking spaces (subject to charges) are available, so parking space close to the venue cannot be guaranteed.
